## Interests

### Networked Learning:

- \* **Online communities:** communities of practice, professional learning networks
- \* **Social media:** online learning environments, affinity spaces, learning ecologies
- \* **Educational data mining:** digital traces, big data
- \* **Learning analytics:** social network analysis, discourse analysis, natural language processing

### Projects:

- \* Educational Twitter Hashtags
- \* Teaching-Related Subreddits
- \* New Teachers' Social Media Use During Induction
- \* Social Scholarship
- \* Data Science in Education

## Education

### *Michigan State University*

**Ph.D.**, Educational Psychology & Educational Technology Expected 2020

- \* Dissertation: *Into the edu-verse: New teachers seeking induction support on social media*
- \* Committee: Matthew Koehler, Christine Greenhow, Ralph Putnam, Gail Richmond
- \* Proposal defended: November 26, 2019

**M.A.**, Educational Technology 2015

**Graduate Certificate**, Serious Game Design and Research 2014

### *Bucknell University*

**B.A.**, Mathematics & Sociology 2003

## Awards

**Clifford E. Erickson Memorial Fund Scholarship** 2020  
Michigan State University, College of Education East Lansing MI

**Featured Research** 2020  
Association for Educational Communications and Technology (AECT) International Convention Online

**Outstanding Paper Award** 2020  
Society for Information Technology & Teacher Education (SITE) International Conference Online

**Disciplinary Leadership Award** 2019  
Michigan State University, Council of Graduate Students East Lansing MI

**Outstanding Paper Award** 2019  
Society for Information Technology & Teacher Education (SITE) International Conference Las Vegas NV

**Outstanding Paper Award** 2017  
Society for Information Technology & Teacher Education (SITE) International Conference Austin TX

## Teaching

### *Courses Taught*

<b>Teaching &amp; Learning with Technology</b> (Undergraduate, online, 6x)	2017-present
--	--------------

\* Course topics include design thinking, universal design for learning, media & information literacy, professional learning networks, computational thinking, and play-based learning.

\* Students develop plans for integrating technology in classroom.

\* The semester-long project is to design a professional *online portfolio*.

<b>Learning Technology by Design</b> (Master's, online, 3x)	2018-present
---	--------------

- \* Course topics include design thinking, the design process (empathize, define, ideate, prototype, test), designing for learners, iterative design. and collaboration in design.
- \* Students discuss examples of good and bad designs from everyday life.
- \* The semester-long project is to work through one cycle of the design process to address a *problem of practice* from the student's professional context.

**Electronic Assessment for Teaching and Learning** (Master's, online, 2x)

2018-present

- \* Course topics include foundational theories of assessment, formative assessment, feedback, and a critical examination of methods for assessment (e.g., portfolios, rubrics, surveys, tests, self-evaluations).
- \* Students develop an *assessment design checklist* to use in their own professional practice.
- \* The semester-long project is to plan a *formative assessment design* to implement in their own context.

**Teaching Students Online** (Master's, online, 1x)

2017

- \* Course topics include foundations for online learning, course management systems, various models of online course design, instructor-student communication, assessment, universal design for learning, and online classroom management.
- \* Students playfully explore Google Apps, course management systems, screencasting tools, and file management systems.
- \* The semester-long project is to design a curriculum for an *online course module* consisting of 3-5 interconnected lessons, which may include training sessions or non-traditional courses.
